## **2006 VOTE! PROJECT**

### **2006 CANDIDATE QUESTIONS**

**When a candidate for public office knocks on your door, calls you on the phone, or is taking questions in a public setting, prepared to act! Here are some sample questions you can ask the candidates.**

- What is your position on publicly funded, science-based HIV prevention programs as a strategy for stopping HIV?
- Do you support government funding for HIV-related health care and services for low-income or uninsured people living with HIV?
- What is your position on comprehensive sexuality education?
- What ideas do you have for reducing the stigma that is still associated with HIV?

**For more information on these public policy issues or on MAP's VOTE! Project, visit our website at [www.mnaidsproject.org](http://www.mnaidsproject.org) or contact us directly (see below for contact information).**
